Subject: Clarification regarding Gender-wise Classification of Shareholders in Form MGT-7.

Dear Sir/Ma'am,

We wish to inform that while filling form MGT-7, the gender-wise classification of shareholders may not be completely accurate.

The Company receives the shareholder data from NSDL/RTA, however, the said data does not provide gender-specific details of the shareholders accurately. Due to the non-availability of gender information in the data received from NSDL/RTA, the Company has classified the shareholders as follows:

1. The number of male shareholders (individual) and female shareholders (individual) has been mentioned based on the details reflected in the NSDL/RTA file to the extent available.
2. The remaining shareholders, for whom gender-specific information was not available, have been classified under the category "Other than Individual".

Accordingly, the gender-wise details disclosed in Form MGT-7 are based on the information available with the Company and have been reported in good faith.

This is for your information and record.
